Professional Dispositions Assessment (PDA) Process

Teacher candidates who have been accepted into a WSU Teacher Education Program will be assessed regularly to determine their progress in academic performance, field experiences, and professionalism. The Professional Dispositions Assessment Form (PDA Form) is one of many assessment tools used in the program.

The PDA form may be completed by any instructor who feels a candidate is not meeting a particular professional standard. The completed form must be accompanied by a description of the behavior and available documentation that indicates failure to meet the standard. Normally, the form will be completed after the instructor has worked unsuccessfully with the candidate to help him/her meet the standard. The form can be completed at any time. The instructor will notify the candidate that a PDA form is being filed, and the student will sign the form. Completed PDA forms will be stored in the student's file (in the Program coordinator's office, Floyd 207M). In accordance with FERPA Student Rights (see <http://www.registrar.wsu.edu/rights-and-privacy/> or the WSU Student Handbook), teacher candidates may view any completed forms via request to Undergraduate Student Services, and may provide a written response to a PDA form for their file, also via Undergraduate Student Services.

A Teacher Education Student Affairs Committee is required to meet with the teacher candidate to discuss remediation strategies if (1) an instructor requests a meeting, or (2) a teacher candidate receives two negative ratings for any single professional disposition. If a teacher candidate receives four or more negative ratings in any combination of categories, the committee shall review documentation and (1) permit the teacher candidate to proceed in the program with appropriate remediation, OR (2) remove the teacher candidate from the program. Teacher candidates who wish to appeal the Teacher Education Student Affairs Committee's decision must prepare a written appeal and present it to the Chair of the Department of Teaching and Learning. The Chair may make the final decision or refer the appeal to the faculty.

I have read the above statements and understand the use of the Professional Dispositions Assessment form.

Fitness to Work in a Classroom Setting and Background Clearance

It is Washington State University's intent to ensure that all teacher candidates possess those characteristics desirable for working with children. The College of Education therefore reserves the right to deny any individual admission to, or continued enrollment in the Teacher Education Program if, in the professional judgment of faculty or coordinating field personnel, there is a cause for concern about the fitness of that individual to work with children in a classroom setting. The faculty may utilize the Professional Dispositions Assessment (PDA) to formally document and communicate the pre-service teacher's disposition to teaching.

I have read the above statement and understand it is the responsibility of the faculty and staff of the College of Education and coordinating field personnel to evaluate and monitor all aspects of my personal and academic fitness, to assess my ability to work effectively with children in a classroom setting and to deny my admission to or discontinue my enrollment in the Teacher Education Program if, in the opinion of faculty or coordinating field personnel, I am not suited for recommendation for professional licensure.

I understand that if I am accepted into the Teacher Education Program, I must undergo a background check that includes providing fingerprints prior to my participating in any internship, practicum, or student teaching experience.

Repeating Professional Education Courses

A minimum grade of C (2.0) is required for all professional education course work. A pre-service teacher may take a course only two times. Failure to obtain a C or better after two attempts will result in decertification.

Elementary pre-service teachers are subject to the following additional requirements: (1) Those who fail to meet the C (2.0) minimum requirement in two or more courses in Block I may not enroll in Block II until all courses in Block I are successfully completed. Those with less than a C in one course in Block I may continue to Block II. (2) Enrollment in Block III, the Advanced Practicum semester in which courses are offered only in a 10/12-week cycle, is limited to students who have achieved a minimum grade of C in all other professional course work. Block courses in which a student receives lower than a C must be repeated in the following semester. No student with course work to repeat or full-semester course work remaining, may enroll in Block III

I have read the above statement and understand the rules applying to the repetition of course work.
