September 17, 2026

Members
Attending: Tami McDonald
Yuxin Zhang
Scott Tomren
Tim Larreau

Phil Boal
Romeo Ross
Evelyn Martinez-Ostrom
Sarah Roley

Guests:

Agenda Items:

1. Introduction
2. Review of Inspection Reports
 - a. 3 departments have submitted reports, but review will be Tabled until fall semester to get more attendance
 - b. All areas should be due to complete inspections at this point. Scott will work on coordinating with specific units to complete theirs.
 - c. Checklists:
 - i. General work areas - <https://policies.wsu.edu/prf/documents/2017/10/2-50-self-inspection-checklist.pdf/>
 - ii. Labs - <https://tricities.wsu.edu/documents/2025/05/lab-inspection-checklist-2.pdf/>
 - d. Plan template: <https://tricities.wsu.edu/documents/2024/07/campus-safety-plan-2.pdf/>
3. Review of Accident/Investigation reports
 - i. There was a medical incident at WSU Vancouver that resulted in the death of a student in a classroom. No related accident, purely medical.
4. Issues/Questions/Concerns previously discussed/unresolved
 - a. Area inspections – Still need to assemble groups for this
 - b. Wayfinding signage – still lacking detail on where signage is needed
 - c. Bus stop - No new developments. Preliminary conversations have occurred with BFT about adding a shelter have been preliminary, but no detail yet
 - d. First Aid-CPR training – Contracts is reviewing this now. It will be a 2-part training, with an online first aid component followed by a skills evaluation with an interactive manikin
 - e. TCOL 124 hood – Maintenance request has been submitted, check with Facilities on status.
 - f. Exterior signage – Nothing further.
 - g. CIC ADA doors – These have reportedly been repaired and are working.
 - h. BSEL lab/Sulfuric acid – nothing further
 - i. Reminders for recurrent training – need employee list
 - j. Snakes – there have been more sightings in the last few weeks, including two inside buildings. Stay away, contact security if you find one.
 - k. CIC 125 back door has been rekeyed so admins in the area can lock/unlock it for faculty to travel between offices and Learning Commons
 - l. Fire drills – Originally planned these in the first weeks of the semester, but other things interfered. Too close to midterms now, so they are postponed

- m. Vax clinic – Working on this, hopefully to include all of the required vaccinations for students. College of Med is interested in helping. More to come as arrangements are made.

5. New Issues/Questions/Concerns

- a. Speeding – there have been numerous reports of speeding on campus. A reminder of campus speed limits will be sent, and RPD has been asked to increase patrols in the area.
- b. Radio in SUB – battery is dead, and it's an old radio. Can SUB get one of the new ones? Possibly, but these ones aren't free.
- c. Card access to gym – still being worked on, should happen this year. It's #2-3 on the priority list. Desire exists to allow people to work out when the gym isn't staffed and open. Scott indicated this might be impacted by policy changes system-wide
- d. Therapy dogs will be on campus again this semester, the area will be posted for allergies before it happens
