

Lauren Wells

Fiscal Specialist 2, School of Mechanical and Materials Engineering

Lauren started her career in the School of MME in 2014 and has been Fiscal Specialist 2 since 2015. Lauren is often the face of the School of MME, as she interacts with students, faculty and visitors in the main MME office.

She does an outstanding job as an ambassador of the school and exceeds all expectations. She is known for her professional and service-minded attitude and strong work ethic. As the fiscal specialist, she is frequently required to work efficiently to meet established schedules and deadlines.

She does a phenomenal job organizing and prioritizing her workload to accommodate a variety of demands and “rush” jobs. In the past three years, she quickly became an expert in her technical knowledge, and often can provide helpful guidance related to procedural and school management-related questions.

“Lauren exemplifies impact. She is a service oriented, dedicated professional who is compassionate in dealing with internal and external publics. She inspires a sense of belonging that lead to a welcoming campus environment,” wrote one of her nominators.
